Quick Start Guide
HortiMaX-Go! CloudBoX

RIDDER

1 Install the CloudBoX

» Make sure that a DHCP server (usually a router) is present in the network.

» Make sure that you have access to the internet.

» Connect the LAN cable. Make sure that this cable is part of the same network as your controller (see figure 1-1).

» Switch the CloudBoX on by connecting the USB cable.

» Tap and hold the system time icon '⬚'. The system menu slides over the right sidebar.

» Tap the cloud menu icon '⬚'. The cloud menu opens.

Your CloudBoX and its CloudBoX ID are displayed.

> 💡 If no CloudBoX ID is displayed, check carefully whether you have completed all the steps listed above. Once you have made sure of this, please contact your supplier or go to **help.hortimax-go.com** for more information.

2 Register your CloudBoX

Go to the CloudPortal: **https://portal.hortimax-go.com**.

Registering first CloudBoX	Registering extra CloudBoX
» Click Register. » Enter your e-mail address. Click Continue. » Enter the CloudBox ID. ❗ Use capital letters. Click Continue. » Enter your account details. Click Register account. A verification e-mail has been sent to the e-mail address that you entered. » Click the link in the verification e-mail to complete your registration. Your registration is complete. » Restart the CloudBoX.	» Log in and go to the *CloudBoX* page. » Click New CloudBoX. The **New CloudBoX** window opens. » Enter the CloudBox ID. ❗ Use capital letters. » Enter a name for the CloudBox. » Click Save. The **New CloudBoX** window closes. You have now added a CloudBoX. » Restart the CloudBoX.

3 Link the controller to the CloudBoX

» Tap and hold the system time icon '⚙'. The system menu slides over the right sidebar.
» Tap the cloud menu icon '☁'. The cloud menu opens.

The CloudBoXes in the network appear.

» Tap the link CloudBoX to current controller icon '🔗'.
» Wait until this icon is disabled (takes up to 3 minutes).

The controller has been linked to the CloudBoX.

4 Install the HortiMaX-Go! app

The HortiMaX-Go! app is available from the App Store and Google Play.

» Launch the app.
» Tap the network settings icon '⌁'.

Logging in	Selecting language
» Tap the system settings icon '⚙'. » Select area 'PRD-EU'. » Enter username and password. » Tap the confirm icon '✓'.	» Tap the language icon '🇺🇸'. » Select the desired display language. » Tap the confirm icon '✓'.

Use the HortiMaX-Go! app to operate the controller. The app user interface is the same as on the controller.
